```
graph LR; A["code.WBA_trace.transition.__repr__"] --> D["code.energy.EnergySegment.__str__"]; B["code.WBA_trace.pathSegment.__repr__"] --> D; C["code.WBA_trace.lasso.__repr__"] --> D;
```

The diagram illustrates a mapping or relationship between three source objects on the left and a single target object on the right. The source objects are 'code.WBA_trace.transition.__repr__', 'code.WBA_trace.pathSegment.__repr__', and 'code.WBA_trace.lasso.__repr__', each enclosed in a white box with a black border. The target object is 'code.energy.EnergySegment.__str__', enclosed in a gray box with a black border. Three blue arrows originate from the right side of each source box and point towards the left side of the target box, indicating that each of the three source objects contributes to or is mapped to the target object.
